艾玛压缩机

COMPANY
PROFILE

YOUR CHOICE, OUR PROMISE

Guangzhou AirHorse Compressor Co.,Ltd. is the professional manufacturer and exporter. We are specialized in screw air compressor research, development and production. The main products include screw air compressor, air dryer, air tank and air filter.

AIRHORSE screw air compressor adopts advanced technology from Europe, using Germany origin air end, SKF bearing, Siemens/Schneider electrical components and other famous brand main spare parts configuration, which ensure its good stability, high efficiency, low noise and long life. It's widely used in power generation, ship building, food, package, electronic, cement, textile, paper-making, gas etc.

With ISO, CE and A SME certificate approved, our air compressors are exporting to more than 100 countries and area. You are warmly welcome to visit our factory and join us for win-win.

Using high-quality parts

AIR END (GERMAN TECHNOLOGY)

Famous brand air end with SKF bearing, the powerful heart decides the high performance of the whole machine, to make sure bigger air capacity, higher efficiency, high precision process rotor, extend the life of the moving parts efficiently.

CONTROL PANEL (CHINESE, ENGLISH, RUSSIAN, SPANISH AVAILABLE)

AirHorse control panel provide the most cost effective maintenance program, to ensure trouble-free operation, almost like a built-in service technician.

COOLING SYSTEM

Design of large heat exchange area, can effectively avoid high temperature and adapt to bad working condition to ensure longer life.

HIGH EFFICIENCY INVERTER

Adopting frequency conversion speed control to make full use of energy-saving effects to create a new generation of energy-saving compressor that saves electricity and energy.

MOTOR

Using well-know brand high performance motor, protection class Ip54, F Class insulation, SKF load bearing, higher efficiency than similar products by 3%-5%.

INTAKE VALVE

Automatically adjust based on gas consumption, low maintenance, good stability, large inlet air.

Refrigerated Compressed Air Dryer

AirHorse
艾玛压缩机 | **REFRIGERATION DRYER**

- STABLE OPERATION
- QUIET AND LOW NOISE
- 10-YEAR WARRANTY
- INTELLIGENT CONTROL
- LOW VIBRATION AND LOW FUEL CONSUMPTION

SUPPORT CUSTOMIZATION
SOURCE MANUFACTURER

A VARIETY OF MODELS FOR YOU TO CHOOSE

STRONG STABILITY AND LOW COST

- COOLING FAN
- REFRIGERATION COMPRESSOR HOST
- ELECTRONIC DRAIN

Cooling fan

- Built-in cooling fan, good cooling effect, low noise, large air volume

Refrigeration compressor host

- Industrial-grade special refrigeration compressor, environmentally friendly and efficient

Electronic drain

- The automatic electronic drainer can discharge sewage regularly according to the actual working conditions

REFRIGERATED AIR DRYER APPLICATION FIELD

AirHorse make sure every machine runs good more than 15 years

Widely used in brewing industry, electronic semiconductor, construction industry, automobile industry, chemical industry, pharmaceutical industry and other industries.

Brief introduction to Airhorse

Professional manufacturing and exporter. We are a factory in Guangzhou, China. We are specialized in air compressor research, development and production. The main products including screw air compressor, and air dryer etc. We do many OEM for international famous brand such as Ingersoll Rand.

We have obtained the approval of ISO9001-2000 international quality management system, ISO14001 Environment management system authentication, CE quality system, ASME quality system etc.

One-stop shopping,
a complete set of services

Eliminate all intermediate links Perfect after-sales service point

Provide pre-sales consultation, complete machine sales,
on-site maintenance, The accessories supply
four-in-one quality service.

Screw Air Compressor

Air Tank

Air Dryer

The fitting pressure pipe is installed, and it can be used
directly after power on.

(PS: The appearance of freely matching different models
of equipment is different, please refer to the actual product.)

Qualification Certificate

This block displays several qualification certificates and standards. On the left, there are vertical banners for OHSMS18000, ISO14000, and ISO9000. The main area features an Intertek certificate for a Screw Air Compressor, a Verification of Compliance certificate from ECM, and a certificate from The American Society of Mechanical Engineers. On the right, there are logos for ASME, RoHS, CE, ETL, and GS.

FAQ

AIRHORSE Service

Q1: What's Warranty terms of your machine?

A: One year warranty for the machine and technical support according to your needs.

Q2: are you factory?

A: Yes, of course. We are professional air compressor manufacturer more than 15 years and our factory located in Guangzhou China

Q3: What about product package?

A: We pack our products strictly with standard seaworthy case.

Q4: Can you make the machine under our brand?

A: Yes, OEM is available.

Q5: How long will you take to arrange production?

A: 380V 50HZ we can delivery the goods within 7-15 days. Other voltage or other color we will delivery within 25-30 days.

Q6: How Many Staff Are There In your Factory?

A: About 200.

Q7: What's your factory's production capacity?

A: About 1000-1200 units per month.

Q8: What the exactly address of your factory?

A: Our company is located in AirHorse Industrial Park, Zengcheng District, Guangzhou, Guangdong, China.

Q9: How long could your air compressor be used?

A: Our machine can be used more than 15 years

Q10: Can you supply air dryer, air filter and air tank?

A: Yes we can supply air dryer, air filter and air tank etc.
